SUBJECT : **CELEBRATION OF THE GLOBAL HANDWASHING DAY 2024**

DATE : **September 24, 2024**

The DepEd Order 10, s. 2016 (DO 10, s. 2016) or the Policy and Guidelines for the Comprehensive Water, Sanitation, and Hygiene in Schools (WinS) Program, aims to promote proper hygiene and sanitation practices, and advocates for creating a clean environment in and around schools, ensuring the safety and health of learners. DO 10, s. 2016 is designed to enhance learning and health outcomes while improving learners' attendance through a comprehensive, sustainable, and scalable school-based program for water, hygiene, sanitation, and deworming. This aligns with the State's mandate, as established in the 1987 Constitution, to uphold children's rights to adequate care and nutrition and to protect them from harmful conditions. Additionally, it seeks to promote public health and instill health consciousness within the community.

The Department of Education (DepEd), through the Bureau of Learner Support Services - School Health Division (BLSS-SHD), in collaboration with the United Nations Children's Fund (UNICEF), will lead this year's celebration of **Global Handwashing Day**, themed "Why are Clean Hands Still Important?" Celebrated every 15th of October, this global initiative aims to raise awareness about the significance of handwashing with soap as a simple yet effective means to prevent diseases and save lives.
