2. This update is intended to optimize the operational efficiency of the BAC and ensure that the committee continues to operate effectively in strict adherence to procurement laws and regulations.

3. More importantly, the revision in the BAC composition is based on the major recommendation of the evaluators during the conduct of the CY 2024 Agency Procurement Compliance and Performance Indicators (APCPI) Evaluation. According to their assessment, all procurement documents must be signed by the majority of the primary members of the BAC. Hence, the update is aligned with this recommendation to ensure full compliance and proper implementation of procurement policies and standards.

4. This memorandum is being issued to ensure that all concerned parties are informed of the updated list and to guarantee compliance with the relevant procurement laws and policies.

5. For strict compliance and guidance.
